

FWPCOT3326 Recover four wheel drive vehicle

Delivered by **Expert Training Group** in partnership with **Advanced Driver Training Centre**, This unit describes the skills and knowledge required to use recovery equipment to recover four wheel drive vehicles in difficult terrain conditions.

This unit applies to individuals who recover four wheel drive vehicles in a variety of work settings and industry sectors, including forestry, agriculture, construction, tourism and energy.

All work must be carried out to comply with workplace procedures, according to state/territory health and safety regulations, legislation and standards that apply to the workplace.

Individuals must hold a driver licence or a provisional driver licence prior to commencing this unit of competency.
