ADTC ADVANCED DRIVER TRAINING CENTRE

Partnered with

REGISTRATION CODE 30993 EXPERT TRAINING GROUP

PMASUP236 - Operate vehicles in the field

Widely regarded by many government and Emergency Services organisations as one of the most current 4WD courses available. This course does include recovery and is either a 1 or 2-day course depending on clients' needs.

NATIONALLY RECOGNISED TRAINING

Delivered by **Expert Training Group in partnership with Advanced Driver Training Centre**, this unit of competency covers the skills and knowledge required to prepare and operate vehicles and related equipment to patrol pipelines or otherwise drive across a variety of terrains and applies to operators who are required to check their vehicle daily for damage, ensure fuels and lubricant levels are maintained, effect minor repairs, prepare and maintain field equipment, and communicate with their base station.

Operators must have the appropriate class of driver's licence before taking charge of the vehicle.

No other licensing, legislative or certification requirements apply to this unit at the time of publication

Nationally accredited unit:
PMASUP236 - Operate vehicles in the field
